

FLVC 2400 Lubrication Service Body

Fixed Series

Model Description

The FLVC 2400 Lubrication model is a fully enclosed Canopy style service body, with one large door on each side and a rear door allowing full accessibility to all sections of the Canopy. The Lubrication system is designed with two tanks for new oils and/or fluids and one waste tank. Complete with hose reels, dispensing hand held guns, bundled trays, oil filter storage and additional battery and electrical system

Designed and Australian Made – Quality

- The Body is manufactured from high strength, light weight aluminium
- Chromate dipped and Powdered coated in a wide range of colours
- Ergonomically designed to allow easy access to tools and equipment
- All compartments are water and dust resistant – protecting your valuable equipment
- Steel base frame

Fixed Series

Ridgeback range of Fixed Series service bodies are designed to complement the vehicle styling. The body is mounted directly to the vehicle chassis with our unique adjustable mounting rail. The body can also be refitted to a new vehicle in the future.

The Ridgeback fixed series includes underbody storage compartments and wheel arch valances custom designed for each vehicle make and model. Tail lights, number plate holder and rear steps are included

Ideal for use in the following industries

- Field Service
- Mine Sites

Utility Vehicle Type

- All 1-tonne Single Cab Utilities

Warranty

- 3 years standard

Key Advantage

- Provide full Lubrication services on-site
